Installation Instructions :

#2535-PD : Sliding Pencil Drawer (15" deep x 21" wide)

Mounting Pencil Drawer to shelf surfaces : The Pencil Drawer (#2535-PD) can be mounted to the underside of the 4- Point Tilt shelves, Countertops, Worksurfaces, & Cantilevered shelves (26", 50" & 72" wide) except the Light Duty Cantilevered shelves.

STEP (1): On the underside of the shelf surface there are threaded holes with letter codes next to them. The holes marked 'K' are the holes (four) needed to mount the pencil drawer. Install two screws into the two holes closest to the front of the shelf marked 'K' and are 22.75" apart. Leaving approx. 1/8' of threads exposed.

Note: 26" wide shelves have one Pencil Drawer mounting position

50" wide shelves have two Pencil Drawer mounting positions

72" wide shelves have three Pencil Drawer mounting positions

STEP (2): Mount the pencil drawer by passing the screw heads that are now in the shelf through the keyed holes of the pencil drawer and push towards the back until seated.

STEP (3): Install two screws through the rear holes of the pencil drawer into the underside of the shelf and then tighten all four screws.
